CURRICULUM VITAE

Marcos Martinez Navarro

Staff Civil Engineer

PRESENT POSITION

Staff Civil Engineer (2026 – present)
Stockton, California

PROFESSIONAL PROFILE

Civil engineering graduate focused on geotechnical engineering, geohazard evaluation, and site characterization. Experience includes geotechnical-related structural design, retaining wall concepts, site grading evaluation, and engineering analysis developed through academic and project-based applications.

Responsible for assisting with geotechnical field investigations, engineering evaluations, technical documentation, and project support activities for slope stability, foundation, and site development projects. Skilled in AutoCAD, ArcGIS, and technical data analysis with support in field operations, engineering coordination, and report preparation.

EDUCATION

Sacramento State University, Sacramento, California
Bachelor of Science, Civil Engineering 2025
